# SUMMER

Olympics

**STEFANI  
RICHARDSON  
(BEHAVIOR MANAGER)**

"My goal was not only to create a fun and exciting program, but to ensure that every physical activity could be modified to accommodate the unique abilities of all our students. Making inclusion a priority allowed each of them to shine in their own way!"

**MICHALE LINDON  
(DIRECTOR OF EDUCATION)**

"Empower Students Year-round (ESY) is an innovative educational program created to inspire and engage students beyond the traditional school year. Our vision is to foster a culture of lifelong learning, excellence and teamwork, mirroring the Olympic values. ESY encourages students to pursue personal bests, celebrate achievements, and embrace challenges. Our Summer Olympics themed program offered a range of activities, from sports to academics, transforms education into an exciting, inclusive, experience, preparing students to be champions in their own right, both in and out of the classroom."

"The most important thing in the Olympic Games is not winning but taking part: the essential thing in life is not conquering, but fighting well"

-Pierre de Coubertin  
(founder of the modern Olympic Games)

"The only victory that counts, is the one over yourself"

-Jesse Owens  
(Track and Field Olympian)
