

## GTS Basketball: More Than Just a Game

Did you know GTS has a basketball team? If not, you probably didn't know that they have started the season off strong with a 2-1 record! Cheering on our team is exciting, but what's even more thrilling is how the players are showing that character matters just as much as athletic ability.

Led by two of our dedicated Behavior Managers, Mr. Martise and Mr. LaMont, the team isn't just learning basketball skills, they are learning important life skills too. Both coaches are committed to ensuring that each player not only excels in the game but also understands the importance of teamwork, discipline, and respect for themselves and others. Whether it's showing sportsmanship during the game or making responsible choices during class time, our players are becoming role models for their peers.

As we continue to cheer on our team both on and off the court, let's keep supporting their hard work and dedication. We are incredibly proud of everything they've accomplished so far, and we look forward to seeing them continue to shine in all they do!

# THANK YOU!

March is National School Social Work Month, and Green Tree is thrilled to celebrate the incredible contributions of our school social workers! These dedicated professionals go above and beyond to support students' well-being, providing guidance, advocacy, and essential resources to help them succeed. Their compassion and commitment create a positive impact on our entire school community, ensuring that every student feels heard, valued, and empowered. This month, we honor and appreciate the vital role they play in fostering a safe, supportive, and thriving learning environment. Thank you, school social workers, for all that you do!

## Help Us Shape the Future of Autism Awareness

### During Traffic Stops in PA!

Ausomeness Inc. is working to redevelop an important program aimed at improving communication between law enforcement and individuals on the Autism spectrum during traffic stops. This program will be used across the state and recognized by all state and municipal police officers, as well as first responders.

We want YOUR input! Whether you're an individual with Autism, a family member, caregiver, advocate, or professional—your perspective is crucial.

Take a few minutes to complete our survey and ensure that this program meets the needs of ALL individuals on the Autism spectrum. Your feedback will help create a safer, more inclusive environment for everyone.
